Subject: [External] Consultation Under the NHPA regarding the State of Florida's Request to Assume Administration of a CWA 404 Program

Good afternoon!

Attached to this email is a letter that invites the Advisory Council on Historic Preservation to participate in consultation under the National Historic Preservation Act regarding the EPA's action on the State of Florida's request to assume administration of a Clean Water Act Section 404 program. The EPA received a complete package from the State of Florida regarding this request on August 20, 2020.

The attached letter includes a link to a OneDrive folder that contains the electronic files that comprise Florida's program submission request. Please note, you may receive a separate email that notifies you that you have access to this OneDrive folder. If there is anyone from your office beyond the recipients of this email that wishes to have access to the OneDrive folder, please send their names and email addresses to 404Assumption-FL@epa.gov. If you have any questions please let us know.
